

**BRAINSTORMERS AND CRAFTSMEN,
PROBLEM SEEKERS AND SOLUTION FINDERS,
DEVELOPERS AND IMPLEMENTERS,
THEORETICIANS AND PRACTITIONERS.**

We have the right job for everybody!

HEUFT QUALIPLUS B.V. is an international company based in Deventer, the Netherlands. Our company is a subsidiary of HEUFT SYSTEMTECHNIK GMBH, known worldwide for quality control and inspection, food and pharmaceutical products.

SERVICE TECHNICIAN NETHERLANDS (M/F/D)

Your tasks:

- Installation, commissioning, and technical servicing of our inspection devices on-site at customer locations
- Maintenance, inspection, modification, and repair of installed equipment and machinery
- Diagnosing and resolving technical issues with machinery and equipment
- Providing training and guidance to end-users on the operation and maintenance of our devices
- Effective communication with customers and internal departments to coordinate appointments, spare parts deliveries and other tasks

Your profile:

- Completed vocational training in electronics or mechatronics or a related technical field with relevant practical experience
- Independent and quality-conscious work ethic with a strong customer-oriented mindset
- Interpersonal skills, cultural sensitivity, openness, and empathy
- Willingness to travel within the Netherlands and Belgium, occasionally within other parts of Europe, and rarely worldwide
- Proficient English language skills, particularly in a technical context

What will you get as an employee at HEUFT:

- A good salary depending on age and experience (metal and engineering collective labour agreement)
- Work experience within an internationally operating organisation

Interested:

Then we look forward to receiving your application, stating the job ID, your salary expectations and your earliest possible starting date. and your earliest possible starting date to our human resources department at jobs@heuft.com.
