

HEUFT SYSTEMTECHNIK GMBH is a successful medium-sized German company with currently 18 subsidiaries worldwide. We are the technology leader in the areas of quality assurance and efficiency management in the food, pharmaceutical and beverage industries.

Our Asia business is operated by our service team in Manila. To support our ongoing growth we are currently searching for a qualified, motivated and reliable person to take on the newly designed job of a

## SERVICE MANAGER (M/F/D)

LOCATION: MANILA

### Your tasks:

- Represent HEUFT in the Philippines
- Manage the office operations in Manila
- Control and manage the service team of HEUFT Asia to provide high level technical services to our customers in and outside Asia
- Control and support the Manila office team to ensure the team provides fast after sales services and spare part support
- Support and boost the commercial after sales activities in the Asia/Oceania Region
- Deliver on-demand support for other HEUFT subsidiaries with engineers of our Philippine office

### Your qualifications:

- Ability to lead, guide and motivate a large team of engineers and assistants which deliver high level technical support to our customers worldwide
- Education with a technical or commercial background and a minimum of 5 years of business experience in a similar position
- Initial leadership experience
- Fluent Business English
- Highly flexible and able to work independently

### You should be:

- Sure that you really want work and live in Asia - interested to understand and accept Asian culture
- Interculturally competent, especially regarding the mediation between German and Asian expectations
- Passionate to work in a highly flexible environment
- Able to stay organized even when juggling chaotic workloads
- Dedicated to HEUFT Technology and a German quality approach
- Highly motivated, responsible, reliable, loyal and determined
- An assertive yet empathic leader, who helps, guides, motivates, supports and develops our employees
