

**“Join us!”**

We are an international family business with a leading market position in the field of innovative control and labeling technology for the beverage, food and pharmaceutical industries. At our headquarters in Burgbrohl, located between Bonn and Koblenz, we employ around 800 people; worldwide more than 1,200. The constantly growing demands of the future require a continuous reinforcement of our team of qualified and motivated employees.

For our newly repositioned subsidiary in the Netherlands we are looking for you as a

## COUNTRY MANAGER (M/F/D)

### Your task

In this extremely challenging position, you will be responsible for our business in the Netherlands and Belgium, generating customer relationships and building a high-performance team. Together with the management in Germany, you will develop the strategic direction and implement it actively and purposefully on site. Another focus is the technical project work and the responsibility for the projects acquired.

### Other duties include:

- Significant involvement in the strategic orientation of the subsidiary on site
- Responsibility for the entire personnel planning incl. the development of the After Sales & Customer Service department as well as necessary administrative functions
- Independent representation of the subsidiary with customers, authorities and external service providers
- Disciplinary and professional employee management, i.e. motivation, promotion as well as participation in personnel measures

### Our requirements

Based on a degree in electrical engineering, industrial engineering, mechanical engineering or a comparable field, you have sound business and technical knowledge and have already gained several years of experience in the beverage industry and are very familiar with this market.

You have a distinctive social and communicative competence as well as a confident appearance. Ideally, you are fluent in Dutch and English (knowledge of German is an advantage) and know the Dutch culture. You have vision, recognize new business potential at an early stage, take initiative and are ready to develop further growth in the market together with us.

### Our working world

You can look forward to a team of more than 1,200 colleagues at 18 locations worldwide. Exciting projects in flat hierarchies as well as high appreciation are waiting for you.

Are you open to new challenges?

Then send us your application documents including the earliest possible starting date and your salary expectations to [jobs@heuft.com](mailto:jobs@heuft.com).
